San Gabriel High School
Alma Mater

Thy stately walls, dear Alma Mater,
Rise proudly in the golden west,
Inspiring all thy sons with courage
To meet each challenge and each test.
To thine ideals we shall be faithful;
Our loyalty will never die.
We lift our voices now in tribute
To thee, San Gabriel High.

While searching for a meaningful theme for the 1979 yearbook, I became aware of the spirit that exists on our campus. The enthusiastic pride, sense of loyalty, feeling of honor, and the pleasure of working together as a team among San Gabriel High School students can be summarized in one phrase-esprit de corps. Throughout this twenty-fourth edition of *El Camino Real,* the staff and I have attempted to display our wonderful "esprit de corps."

Throughout this year the staff and I have worked hard to display our wonderful "Matador Spirit." We hope that this annual will help to keep your spirit alive for years to come.

I'd like to thank the staff for all their help and work, also Mr. Dawson for his beautiful cover design; Mr. Paffrath, our Jostens American yearbook company representative; and Mr. Gary Roberts, our Anthony Loya Studio photographer, for their help in producing our annual.

A special thanks goes to Mr. Buffum for all his advice and support. I hope that the joy we experienced in creating this twenty-fourth edition of El Camino Real is equaled by you as you read it.

Class Of '79

Do you remember all those times,
Those days our friendships grew?
We stuck together through each time
And learned what not to do.

When laughing seemed to never end,
While crying played its part,
We knew that it would never end
For friendships only start.

Those Friday nights were so much fun;
Sometimes there was a fight,
But no matter what would happen,
It would always turn out right.

So many good times we have had,
We made this year the best;
We've set our mark at S.G. high
Ahead of all the rest.

And when our year comes to an end,
This year we hold so fine,
They'll all agree we are THE BEST,
The class of '79.

Throughout our life-times we are faced with many opportunities. The AFS program is one such opportunity to experience the life style and culture in another country. I spent my summer in the Southern tip of Chile. I really learned a lot about the people and their ways. It doesn't stop there however; I also learned more about myself and have become a more open person. Another feeling I share with many of the students is an appreciation for the luxuries that we take for granted here.

Paul Dempster

AFS STUDENTS

This summer, AFS gave me the experience of a lifetime. Living in another country, learning from others, and sharing different cultures all added to my experience. Each one of us had something to share, and we all gained from the sharing.

My summer in Austria brought many new friends and new feelings into my life, and for that I want to thank my family and friends, without whose help this never would have been possible.

Valarie Kirchhoff

My stay in Yokohama, Japan, was not only the most enriching but also the most exciting experience thus far in my life. I had the opportunity to make life-long friendships and to learn new customs very different from those I had previously experienced. I was also able to learn the language and to see how gracious the Japanese people are.

AFS really opened my life for me. It's now very easy for me to accept myself and others. I will be forever grateful to the AFS Japan Staff and to the other sixty-eight great Americans who helped make my stay so rewarding.

Delinda McKenzie

I guess the only way I can describe my AFS experience is it was **fantastic.** Australia is a gorgeous country with beautiful people, and I learned more than I can ever put down in words. The experience of living a bit differently from the way I live here was a meaningful one I will never forget.

I feel the best part, however, was meeting people and learning that teenagers, whether they live across the country or around the world, are all basically the same.

My sixteenth summer with AFS was my best, and I would not trade it for anything in the world.

Lisa Scalia

AFS STUDENTS

I have learnt so much from being in America at San Gabriel High School, and this year will always be very precious to me. Memories of the experiences and people I have met will remain in me forever.

Saying "thank you" often sounds superficial, but that is all I have to give you—my gratitude and my appreciation.

Your friend from New Zealand,

Beverley Peden

My year at San Gabriel High School was the nicest part of my life. I had a lot of fun by joining many activities which I couldn't experience in Japan."Walk together, talk together, O ye peoples of the earth..." AFS's spirit is in this song.

The direct contact of a sincere heart with another is undoubtedly the purest of joys.

I would like to say thank you to my new family, friends, teachers and all the people who helped me all the time. I was so happy.

Love Always,
Micha Takewa

Now what the.?!

"One Flew Over the Cuckoo's Nest" was the outstanding play selected to be presented in March as the Spring play. All those students and faculty members who worked on the production gave the audiences performances that upheld the highest standards of excellence established by the Drama Department.

Well, what do you say to that?

Basketball, anyone?

Ante up!

Rain, cold, and flu seemed to be the forces battled against most this year. Team Captain George Young qualified for CIF his fourth straight year. He also led the Varsity to a 3-2 record. The Frosh-Soph held their own, once again finishing at the top of their league.
